probable membrane protein YBR220c - yeast (Saccharomyces cerevisiae)

probable membranes: hypothetical protein YBR1510

C;Species: Saccharomyces cerevisiae

C;Date: 26-Aug-1994 #sequence_revision 09-Sep-1994 #text_change 09-Jul-2004

C;Accession: S46096

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                RESULT 69
D55511
D5MF 3'-region hypothetical protein - Pseudomonas sp. (strain KKS012)
C;Species: Pseudomonas sp.
C;Species: Pseudomonas sp.
C;Species: Pseudomonas sp.
C;Accession: D5551
